EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

2. The application has been amended as follows: after the title "CROSS REFERENCE INFORMATION" delete "This application is a Continuation-in-Part of application no. 09/314,474, filed May 18, 1999" and insert:

--This application is a Continuation-in-Part of application no. 09/314,474, filed May 18, 1999, now U.S. Patent No. 6,233,476.--

1. The following is an examiner's statement of reasons for allowance: the prior art of record does not disclose or render obvious a system and method for detecting an organ timing signal of an inspected organ, detecting a plurality of two-dimensional images of an inspected organ, associating each of the two-dimensional images with the detected organ timing signal, reconstructing a plurality of three-dimensional images based on the two-dimensional images, where the utilized two-dimensional images are selected based on their position within an organ timing cycle, obtaining a real-time organ timing signal, selecting a three-dimensional image based on the real-time signal, and displaying the three-dimensional image. The art of record teaches using the organ timing signal for correcting position and orientation readings but do not use the organ timing signal to synchronize pseudo-real-time visualization. Therefore the prior art of record does not teach obtaining a real-time organ timing signal and selecting and/or displaying a stored

two or three dimensional image having a stored timing signal corresponding to the real-time timing signal.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
